PRESIDENT'S REPORT

The Memorial Tournament is coming up! I wanted to remind everyone that the cost for this tournament is less than we spend on the meals alone. This is a great bargain for our members as we, the men's club, underwrite some of the costs. Dinner is for the golfer and his wife, significant other or any guest he wants to bring. Be sure to sign up early to make sure you get a spot. You can pick your partner who can be another member, or your guest. As this is a men's club event your guest must be male. See you all there!

RULES CHAIRMAN

ROGER VAL

An incident occurred during the Dell Technologies Championship with Justin Thomas in which his ball overhung the hole eventually fell in for a score of four. The TV commentators during their comments stated that the ball was on the edge of the hole for more than twelve seconds before falling in. They really didn't explain the rule properly and kind of misinformed the viewers leading the viewers to believe there should have been a penalty stroke added for undue delay of play. The rule is that after 10 seconds and the ball falls in, the ball is holed and a penalty stroke is added to the score. The 10 seconds begins when the player reaches the hole not when the ball reaches the hole.

16-2 Ball Overhanging Hole

When any part of the ball overhangs the lip of the hole, the player is allowed enough time to reach the hole without unreasonable delay and an additional ten seconds to determine whether the ball is at rest. If by then the ball has not fallen into the hole, it is deemed to be at rest. If the ball subsequently falls into the hole, the player is deemed to have holed out with his last stroke and must add a penalty stroke to his score for the hole; there is no penalty under this Rule.

Remember "It is what you think you know is what you don't know".

REMINDERS: All players must check in the Pro Shop before all Tuesday sweeps and tournaments. When on the greens, repair any ball marks, and please refrain from stepping on your wedges to bring the handle up. This will reduce unneeded marks on the greens. Avoid slow play by keeping up with the players in front of you.

HANDICAP REPORT

BRIAN WANZER, HANDICAP CHAIR

The USGA is working on developing a new handicap system for 2020. Until then, here is some info you may not be aware of. All of your posted scores in NCGA sanctioned events can be separated in a special tournament listing of your performance for me the handicap chair, and for the NCGA to review.

Here's the real deal behind all of this.....the average golfer according to the NCGA only beats their handicap average in 1 out of every 5 NCGA sanctioned events they play in. When the tournament reports are looked at, every time you score better than your handicaps in these events they flag as red on the tournament report. The NCGA window for review on this is a 3 yr rolling window. So....if you played in 10 events and scored in the red beating your handicap in 5 of those events, you may be sanctioned by the NCGA, and have your handicap manually reduced to the average of the tournament scores for the balance of the year vs what you may show on the regular handicap system. For example, I am a 15 handicap....my average tournament play is an 11, and I get flagged by the NCGA, I will then be manually reduced by the NCGA in sanctioned events to an 11 for the rest of the year.

Ok.....that was a lot said, however, you also need to know, that our club is also notified By the NCGA of the players sanction, and we as a club, will also manually adjust The players handicap to the new handicap number for the balance of the sanctioned yr. in

all of our events you play in whether they are sanctioned or not. This keeps everything fair for everyone playing in our club, regardless of what ever kind of event they play in.

Hope this info is helpful to all of you, and FYI.....if you are sanctioned.....
The NCGA notifies all sanctioned golfers by April of each new year.
Until next time, and I you have questions, please see me....

Until next time,
Brian
